GETTING OLDER IS
JUST ONE BODY PART
AFTER ANOTHER
SAYING, 'HA HA, YOU
THINK THAT'S BAD?
WATCH THIS.'

I don't know
how to use TikTok,
but I can write in cursive,
do long division
and tell time on clocks
with hands...
so there's that.

THE FACT THAT
THERE'S A HIGHWAY TO
HELL AND ONLY A
STAIRWAY TO HEAVEN
SAYS A LOT ABOUT
ANTICIPATED TRAFFIC
NUMBERS.

Is it really
necessary for
the first square
of toilet paper to
be glued down?

Lying about
my age is
easier now
that I have
trouble
remembering
what it is.

In Appreciation

*A very big thank you to all our MJC friends
who kindly made donations in memory of
Ed. He would be happy to know that these
contributions will help charities on the
mountain.*

Hugs,

Midge Reisman

Some call it multi-tasking, I call it doing something else
while I try to remember what I was doing in the first place.

What do we learn
from cows, buffalos
and elephants??

It's impossible to
reduce weight by
eating green grass
and salads and
walking.

Brain cells, hair cells
and skin cells - they
all die constantly, but
freaking fat cells seem
to have eternal life...

It helps if you imagine
auto correct as a tiny
little elf in your phone
who's trying so hard
to be helpful but is in
fact quite drunk.

Now that I've lived
during a Plague, I
understand why most
renaissance paintings
are of chubby women
laying around without
a bra.

If you think you are
smarter than the
previous
generation...50
years ago the
owners manual of a
car showed you
how to adjust the
valves. Today it
warns you not to
drink the contents
of the battery.
